Continued work on improvement of training aids. Received from IAS Pool some revised practice and test materials for classifying.

25X1

Reissuance of Handbook for Subject Filing as unclassified publication and as training manual. []

25X1

25X1

Reviewed [] for changes required by sterilization to permit its wider use in Headquarters [] Issuance of [] Subject Filing, as unclassified training manual. Revised copy at Printing Plant since 7 April.

25X1

25X1

Emergency Filing Equipment []
Collecting facts on annual increase of records volume and use of Vital Materials during exercises and Operation Alert. Completed research of Government and Industry recommendations on protecting records against disasters. Examining the background and distribution of current "Standby" emergency filing equipment.

25X1

25X1

3. Vital Materials []

A meeting was held with Mr. Kerlin, Civil Service Commission, to discuss the CSC Vital Materials program. A memorandum of the meeting plus a copy of a listing of CSC records stored at the relocation site is on file in our CSC Vital Materials case folder.

Microfilming in OCR/GR and the Office of the Comptroller continues. Due to camera difficulties it will be necessary to retake the OCR/IR town folder briefs.

Meeting was held with [] ORR/Services Communication Branch to make arrangements for microfilming of their estimates files.
